Zaika** (Institute of Economics, Labour and Management in Agriculture, Moscow, Russian Federation); **E.Y. Bobkova**, Ph.D. (Samara Institute of the Plekhanov Russian University of Economics, Russian Federation).

Problems and Prospects of Economic Science and Practice Development in the XXI century: Proceedings of the International scientific and practical conference (Yelm, WA, USA, March 2014)/ Editor in Chief Dr. Sci., Prof. O.Ja. Kravets. - Yelm, WA, USA: Science Book Publishing House, 2014. – 84 p.

ISBN 978-1-62174-047-6

SAN 920-3230

Proceedings are collected by the outcomes of the International online scientific-practical conference, organized by the Department of World Economics and Management of the SI REU together with economic departments of domestic and foreign universities for Russian and foreign economists-researches, experts in the field of economics and management. It contains research papers by the winners in various nominations of the conference. The proceedings present the authors' research generalizations of the urgent problems of economics and management, many of which found their way in international practice.
